## EXPERIENCE

---

### Product & Backend Developer

Dec 2025 – Apr 2026

*Early-Stage Artisan Marketplace Startup*

Lagos, Nigeria

- Contributing to the development of a location-based marketplace platform connecting users with nearby artisans and service providers.
- Building core features including map-based artisan discovery, booking workflows, and service request management.
- Collaborating with the founder to translate product ideas into technical requirements and application architecture.
- Supporting the design of user flows covering booking, payments, and real-time service tracking.

### Data Analyst Intern

May 2025 – Apr 2026

*Qucoon Ltd, Lagos, Nigeria*

- Contributed to a Basel regulatory reporting automation project for a major Nigerian bank, improving the reliability and efficiency of regulatory data pipelines.
- Performed exploratory data analysis using Python, SQL, and Excel to identify trends and support business decision-making.
- Designed Power BI dashboards, transforming complex financial datasets into accessible insights for internal stakeholders.
- Collaborated with engineers, analysts, and business teams to translate reporting requirements into data solutions.
- Developed documentation and user guides to support analytics processes and knowledge sharing.

### ERP Implementation Intern

Mar 2023 – Sep 2023

*GEMS Consulting Company Ltd, Lagos, Nigeria*

- Supported deployment of Microsoft Dynamics NAV and Business Central ERP systems for client organizations.
- Developed user documentation and training manuals simplifying complex ERP workflows for non-technical users.
- Assisted with client onboarding, troubleshooting, and technical support during system rollout.
- Participated in ERP implementation workshops focused on business process optimization.

## EDUCATION

---

### BSc Computer Science — Second Class Upper

Graduated Aug 2024

*Covenant University, Ogun State, Nigeria*

### West African Senior School Certificate (WASSCE)

Graduated Jul 2020

*Babcock Secondary School, Lagos, Nigeria*

## PROJECTS

---

### Peer Tutoring Web Platform

Feb 2025 – Jun 2024

- Designed and built a PHP-based web platform enabling students to discover tutors, schedule sessions, and track learning progress.
- Implemented tutor profiles, scheduling system, session tracking, and user authentication.
- The project revealed the importance of user validation and product discovery before building, shaping my approach to building technology that solves real problems.

### Data Analysis and Machine Learning Projects

Apr 2025 – Present

- Conducted data cleaning and analysis using Python (Pandas, NumPy) on real-world datasets.
- Built machine learning prototypes using Scikit-learn, including clustering and classification models.

## SKILLS

---

**Data & Analytics:** Python, SQL, Power BI, Excel, Data Cleaning, Exploratory Data Analysis, Machine Learning

**Programming:** Python, PHP, C

**Tools:** GitHub, Microsoft Dynamics NAV, Business Central, Power BI

**Soft Skills:** Problem-Solving, Technical Documentation, Analytical Thinking, Collaborative Development, Communication

## CERTIFICATIONS & TRAINING

---

### **NYSC (National Youth Service Corps) Service**

Apr 2025 – Apr 2026

Lagos, Nigeria

### **TeSA (Tech Skill Accelerator) Programme, Qucoon**

- **McKinsey Forward Learning Program**
- **Prompt Engineering on LLMS**
- **C for Everyone, Part 1: Programming Fundamentals**
- **Introduction to Calculus**
- **Fundamentals of Network Communication**
- **The Arduino Platform and C Programming**
- **Center4Tech Boot Camp — Mobile Apps Design & Coding**

## LEADERSHIP & COMMUNITY

---

### **Peer Learning Coordinator**

Jun 2025 – Sep 2025

*Qucoon Internship Programme*

Lagos, Nigeria

- Organised peer-led technical learning sessions covering Python, Power BI, and data analysis for fellow interns.

### **Volunteer — Logistics & Speaker Coordination**

Aug 2025

*TEDxFestac*

Lagos, Nigeria

- Supported event logistics and speaker coordination for a community technology conference.
